

The RVP is a group of youth who are considered “at-risk” and live in neighborhoods that are considered dangerous and not the best environment for children. The Alpha & Omega Network Team serves families in these communities and introduces the power of practicing the evidence-based Five Strategies of the Virtues Project. The initiative is called Virtues in the Village for Community Transformation. As a reward for practicing and applying the virtues, the RVP go on Enrichment Excursions to local and out of town venues. Wanted: Legacy Partners!

RVP Enrichment Excursion to Atlanta, GA and the Georgia Aquarium.

RVP Enrichment Excursion to the African American Museum in DC.

RVP pose in front of the Washington Monument before going into the Museum.

Gov. Terry McAuliffe supports positive youth development programs.
